Additional test material prices are given on our price list. The purchase of additional test materials does not entitle you to receive an extra set of z-scores — please order the test twice if you require this service.

**COURIER DISPATCH:** Tests marked F on the order form are dispatched by courier to reduce the time taken for the sample to reach your laboratory. Some are packed with ice blocks to prevent the sample undergoing large temperature fluctuations in transit but are not transported in refrigerated vehicles. Even if your sample does not arrive refrigerated it is still acceptable for use as it will have been chilled for the majority of its journey. All other test materials are sent by normal post unless courier service is requested. Please contact us for prices of sending other test materials and reports by courier.

**CUSTOMS & TEST MATERIAL RECEIPT:** Test Materials are dispatched from FAPAS®, UK on the date stated on the order form unless you are informed otherwise. FAPAS® is not responsible for damage or loss of test materials due to problems in customs. If you require special import permits for importing certain types of test material into your country please inform us at least 3 weeks prior to dispatch date. Please refer to terms and conditions for full details. Please note due to charges now incurred by FAPAS® we have to make a small charge for phytosanitary certificates.
